

About Company

Decotone Surfaces was started with the idea of bringing new, unique and innovative products to the North American Market.

Our goal has always been to offer the highest quality in decorative surfacing products that are held at the highest standard, to meet any interior or exterior design need.

Marketing Business

Decotone Surfaces products are produced at our state of the art factories in the USA, Italy, Spain, Portugal, England, Colombia and South Korea.

Call or visit us today to hear all about everything Decotone Surfaces has to offer.
