OUR STORY IS NOBLEWOOD'S STORY

In 2016, we set a new goal: launch a principled business that would pursue excellence while doing good for our customers, communities, and the planet.

The seeds of Noblewood took root on a trip to Indonesia. We met a family seeking to do good in their community. Equally important, they handcrafted stunning products from repurposed teak wood.

Fast forward to today. These beautiful, responsibly sourced teakwood panels are available in the US. And a significant portion of our profits are donated to noble causes.

Make our mission yours:
Reclaim. Repurpose. Do Good.

 NOBLEWOOD®

HONEYCOMB TEAK

Introducing the clean, new look of Honeycomb!

Noblewood is known for its beautifully rustic 3-D teakwood wall panels. But with new Honeycomb Teak, we are venturing into the realm of geometric design.

Honeycomb features both a geometric pattern and more uniform appearance, providing a clean aesthetic that accentuates the natural beauty of repurposed teak wood.

Each panel is lovingly created by a skilled artisan, varying from 3/8" to 7/8" thick, providing a stunning 3-D effect.

Available in two colors:
Natural (Order No. 5113) and a dark Chocolate (Order No. 5130).

PICTURED ABOVE (Reception Area): Noblewood's Honeycomb Teak, Natural (5113), is a beautiful addition to any residential or commercial space.

Introducing the inviting look of Clover! Noblewood is known for beautiful, rustic 3-D teakwood wall panels. But with this new Clover design, we are venturing into a new realm.

Clover features a stunning geometric pattern and a more uniform appearance, providing a clean aesthetic that accentuates the natural beauty of the sustainably sourced teak wood.

Each Clover panel is lovingly handcrafted by a furniture maker and varies from 3/8" to 7/8" thick. In short, this is no flimsy veneer but "furniture for the walls," visually striking and totally unique.

Available in two colors: Natural (Order No. 5137) and a rich, dark Chocolate (Order No. 5144).

Also Available with **CLASS A FIRE RATING**

Introducing Noblewood Reclaimed A-FR, Class A Fire Rated out of the box!

Noblewood's Reclaimed A-FR is your new solution, saving you time and money versus chemical sprays applied on-site.

Our exclusive patent pending technology impregnates the teak wood with an environmentally friendly flame retardant and smoke suppressant. When tested using the ASTM E84 protocol, Reclaimed A-FR received a Class A result.

Reclaimed A-FR is available in two colors: Natural (Order No. 5013-A) and Gray Washed (Order No. 5020-A). Note that Reclaimed A-FR tends to be slightly lighter in color than untreated Reclaimed.

NOBLEWOOD® **RECLAIMED TEAK**

Rescued from old homes and buildings over 100 years old, our beautiful Reclaimed Teak is naturally weathered by time and the elements. It offers a highly desirable, distressed patina.

Reclaimed Teak is certified by the Forest Stewardship Council (FSC) to be made from 100% recycled wood, making your project 100% unique. It is both visually stunning and certified good for the environment.

Available in three colors including Natural (Order No. 5013, front cover), Gray Washed (Order No. 5020), and Chocolate (Order No. 5037).

WHAT OTHERS ARE SAYING

"My customers want 3-D wood products. But I've sometimes been forced to steer them to something else because of the fire rating. Noblewood's new Class A product lets me give them what they really want!"

Greg D, Principal
Major Sales Organization in Massachusetts

PICTURED ABOVE (Hotel Room): Noblewood's Reclaimed Teak, Gray Washed (5020), is a beautiful addition to any residential or commercial space.

Also Available with **CLASS A FIRE RATING**

Introducing Noblewood Rootwood A-FR, Class A Fire Rated out of the box!

Noblewood's Rootwood A-FR is your new solution, saving you time and money versus chemical sprays applied on-site.

Our exclusive patent pending technology impregnates the teak with an environmentally friendly flame retardant and smoke suppressant. When tested using the ASTM E84 protocol, Rootwood A-FR received a Class A result.

Available in three colors: Natural (Order No. 5044-A), Accented Natural (Order No. 5051-A), and Gray Washed (Order No. 5068-A). Note that Rootwood A-FR tends to be slightly lighter in color than untreated Rootwood.

 **NOBLEWOOD®**
ROOTWOOD TEAK

The roots of teak trees rarely see the light of day, even after the tree is harvested. That's because they are most often left in the ground to rot.

However, Noblewood's Rootwood Teak accent walls redeem this underappreciated part of the tree and repurpose it as one of the most amazing wall panels we've ever seen. To say that Rootwood Teak makes a beautiful accent wall is an understatement!

Noblewood's Rootwood Teak is available in 3 colors: Natural (Order No. 5044), Accented Natural (Order No. 5051), and Gray Washed (Order No. 5068).

WHAT OTHERS ARE SAYING

"When I tell our customers the Noblewood story, we explain that it is sustainably sourced, environmentally sound, and empowering people. Now it's also on the cutting edge of safety."

Chris S, Vice President of Sales
Major Distributor in California

Noblewood's Rootwood Teak, Natural (5044), is a beautiful addition to any residential or commercial space.

NOBLEWOOD®
CLASSIC TEAK

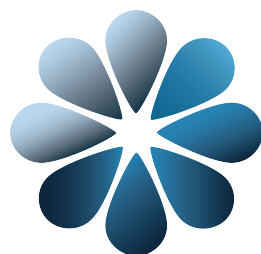

Our stunning Classic Teak wall panels are handcrafted from wood scraps discarded by furniture producers.

So, this wood is literally saved from destruction and reimagined into a work of art fit for the most exquisite interior space.

Noblewood's Classic Teak is available in Natural (Order No. 5006). So, you can enjoy it as it is or stain it any color to match your color palette.

STONEWOOD TEAK

Stonewood combines the look of stone with the warmth of wood to create a classically inspired, one-of-a-kind teakwood wall panel. The linear 3-D design is accentuated by the natural beauty and uniqueness of repurposed root wood. Each panel is handcrafted by a skilled artisan, varying in thickness from 3/8" to 7/8", providing a stunning effect that changes with the light. And because of the 3-D nature of each panel, it serves as an excellent sound diffuser.

Noblewood's Stonewood is NEW for 2024 and available in two colors: Natural (Ord No. 5459 | ships 1Q 2024), and Gray Washed (Order No. 5473 | available to ship TODAY).
